

En Azure AD B2C lösning har konfigurerats så att man kan använda konton från alla Microsoft tenants. Detta gör att Svenskt Vattens medlemmar som har Microsoft Entra ID kan använda sina egna konton för att logga in i VASS.

Det krävs konfiguration av en admin hos medlemmen första gången någon ska logga in för att detta ska fungera.

För att sätta upp detta gör så här:

1. Se till att vara inloggad med medlemmens konto i den browser som används (konto från den tenant som man vill koppla mot Svenskt Vatten)
2. Gå till inloggnings sidan och klicka på "Microsoft (Work account)" knappen

Svenskt Vatten

Välkommen till Svenskt Vattens digitala tjänster

3. En approval dialog dyker upp, ange anledning och tryck på Request Approval knappen:

4. Du får då upp en bekräftelse

5. Logga in i Azure som en Admin och gå till Entra ID sidan

6. Klicka på "Enterprise applications"

The screenshot displays the Microsoft Azure portal interface. At the top, the header bar includes the 'Microsoft Azure' logo, a search bar, and a 'Copilot' button. Below the header, the breadcrumb trail shows 'Home > Business Wellness Group | Overview'. The left-hand navigation pane is expanded, showing a list of management options under the 'Manage' section. A red arrow points to the 'Enterprise applications' link in this list. The main content area on the right shows the 'Overview' tab for the 'Business Wellness Group' tenant, with sections for 'Basic information', 'Alerts', 'My feed', and 'Feature highlights'.

Navigation Pane (Left):
